# The contribution of the university to the socio-economic development of the country

- Contribution to the development of multilateral partnerships between universities and institutions of knowledge of the European Union and Central Asian countries
- Contribution to the development of new, innovative curricula

# The contribution of the university to the implementation of the goals and objectives of the HWCA project

- \* The updating of existing or the development of new curricula for Central Asian universities to facilitate the training of a new generation of water governance experts and water diplomats, with support by DA MFA KR and etc.
- \* DA MFA KR will establish systems and procedures in which information about the project is accessible and available to stakeholders to ensure transparency. This will manifest in the form of reports, documents, meetings, feedback mechanisms, and the involvement of stakeholders in the project management processes at the appropriate time.
