

IHE Delft

Institute for Water Education

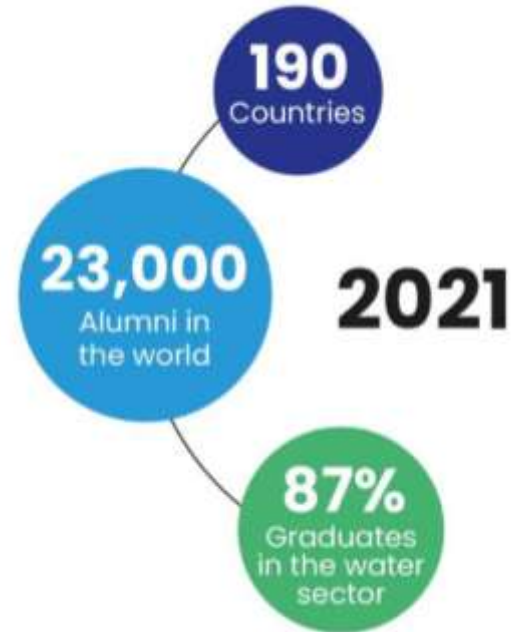

IHE Delft

IHE Delft Institute for Water Education is the largest international graduate education institute in the field of water. The institute confers fully accredited MSc degrees and PhDs.

IHE Delft is an active member of both the UN-Water and the [UNESCO Water families](#). The Institute works closely with other UNESCO water related organizations, particularly the [Intergovernmental Hydrological Programme \(IHP\)](#).

Since 1957 the Institute has provided education to more than [23,000](#) water professionals from over [190 countries](#), the vast majority from the developing world.

The Institute has more than 90 [PhD fellows](#) enrolled in water-related research. It conducts [research and capacity-development](#) projects throughout the world.

About

IHE Delft is situated in the **historical centre** of the beautiful city of Delft. Delft is a centre of excellence for water knowledge and expertise.

IHE Delft - Vision

IHE Delft Institute for Water Education envisions a world free of poverty and injustice, in which people manage their water and environmental resources sustainably and equitably.

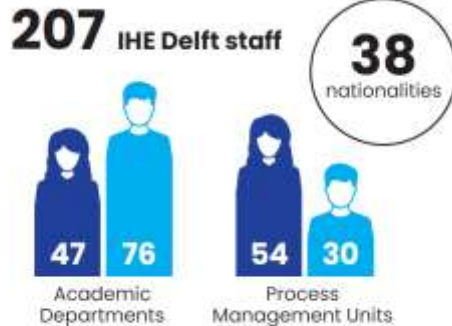

Mission

IHE Delft works in partnership to strengthen capacity in the water sector to achieve global sustainable development.

Ambition

Through our overarching work on capacity development, IHE Delft aims to make a tangible contribution to achieving all Sustainable Development Goals in which water is key.

IHE Delft – staff and students
